What's the difference between Dubai and Abu Dhabi?

Dubai don't like the Flintstones but Abu Dhabi Do.

My hubby purchased a world map.... gave me a dart and said "throw this and wherever it lands I'm taking you for a holiday when this pandemic is over". Turns out we're spending two weeks behind the fridge. 😞

Just be careful because people are going crazy from being in lock down! Actually I've just been talking about this with the microwave, toaster and coffee machine and all of us agreed that things are getting bad. I didn't mention anything to the washing machine as she puts a different spin on everything. Certainly not to the fridge as he is acting cold and distant. In the end the iron calmed me down as she said everything will be fine, no situation is too pressing. The Hoover was very unsympathetic... told me to just suck it up, but the fan was more optimistic and hoped it would all soon blow over! The toilet looked a bit flushed when I asked its opinion and didn't say anything but the door knob told me to get a grip. The front door said I was unhinged and so the curtains told me to .....yes, you guessed it ... pull myself together.
